

Lately we have been reminded just how vital our staff are and the incredible impact they can leave on their patients and family members.

Our [Circle of Gratitude](#) program is a really special way to acknowledge a particular staff member or department for their dedication & hard work.

When we deliver a hand written card and pin to an individual or hold a celebration for a department that has been recognized, we get to witness just how touched each of them are knowing they were thought of.

I thought I would share a few touching messages we have received from patients and their families.

"I am grateful because of the care, respect, compassion given to me

so I would be well enough to go home." - Patient

"I can never thank you enough for the care you gave to my father in his last days. You all went above and beyond to make sure he was comfortable and never in pain. For the last 7 days of his life you also became my family and made me feel like I was surrounded by angels every day I was there. Thank you from the bottom of my heart." - Patient's daughter

"You have been lucky enough to find your perfect job that are so wonderful at. Thank you for making my families life a little easier with this transition." - Patient's daughter

If you have someone you'd like to recognize, you can do so by making a donation over the phone or you can visit the dedicated website www.circleofgratitude.ca.

Yours in Philanthropy,

Tracy Paterson
